"ADIPEC has become the premier destination for the oil & gas industry, a place to reconnect, explore new opportunities and debate."

Dr Sultan Ahmed Al Jaber
UAE Minister of State and ADNOC Group CEO

ADIPEC is the world's premium oil and gas event, showcasing a diverse range of conferences and technical sessions, as well as a global exhibition space that attract the world's biggest oil and gas companies.

Since its inception in 1984, ADIPEC has grown exponentially to become the world's new meeting point for oil and gas professionals. Today, over \$9 billion of business is done during the exhibition, placing ADIPEC at the very heart of international business of the global energy sector.

Over 96,000 trade professionals attend ADIPEC, while 752 industry leading experts share their knowledge and understanding across the event's impressive line-up of strategic and technical conference sessions.

From 13-16 November 2017, the eyes of the world will be on Abu Dhabi for what promises to be another record breaking ADIPEC.

A MUST ATTEND EXHIBITION AND CONFERENCE FOR THE OIL AND GAS INDUSTRY

“It is vital both OPEC and non-OPEC nations come together and take co-ordinated and timely action to rebalance this market for the common good of all. Our industry works best with collaboration and consultations. It is clear oil and gas will continue to be the fuel of choice for a very long time to come.”

His Excellency, Mohammad Sanusi Barkindo*
Secretary General Organization of the Petroleum Exporting Countries (OPEC)

“We need to optimise the exploration and production course of every barrel we produce. By that, we will survive. We can learn to become smarter and to become more competitive.”

His Excellency Suhail Mohammed Faraj Al Mazroui*
UAE Energy Minister

“Our industry has proven that close partnerships can boost efficiency at every point and help to maximise the value of resources, providing the safe and reliable delivery of energy.”

Rex Tillerson*
Chairman and Chief Executive Officer ExxonMobil Corporation

20 NATIONAL OIL COMPANIES

ADIPEC attracts key National Oil Companies from around the world, from the likes of ADNOC, Saudi Aramco and Qatar Petroleum, Petronas, Gazprom and Indian Oil. ADIPEC provides a unique platform for interaction between the International Oil Companies that bring cutting edge technologies and solutions to some of the most

complex challenges facing the oil and gas sector today. The event has established itself as a key facilitator of dialogue between international and regional producers and the worlds leading IOCs .

15 INTERNATIONAL OIL COMPANIES

12 GOVERNMENT BODIES

With UAE holding the world's sixth largest oil reserves, the country remains one of the world's most reliable producers and exporters of crude oil. Over the years capital flows between the Gulf and the rest of the world have deepened significantly, a process first driven by trade and investment with Europe and North America, and

more recently by strengthening ties with emerging market economies such as India, China and Brazil. ADIPEC provides international exhibitors with the opportunity to network with key buyers from 135 countries across the full value chain and is also a host of various stakeholders from EPC contractors and Service companies.

ADIPEC FEATURES

The ADIPEC Awards are widely regarded as the pinnacle of corporate and personal success in the global oil and gas sector. The ADIPEC Awards acknowledge outstanding practices in eight awards categories, where companies are recognised and rewarded for their accomplishments in technical expertise and achievement, academic development, CSR dedication, innovation, personal achievement, business progression and more.

adipec.com/awards

Under the patronage of His Excellency Sheikh Nahyan Bin Mubarak Al Nahyan, Minister of Culture, Youth and Community, ADIPEC proudly presents the fifth edition of the Young ADIPEC programme in 2017, fully supported by Abu Dhabi Education Council (ADEC).

Since its creation in 2013, the Young ADIPEC programme has received praise and recognition from across the oil and gas industry. Aimed at high school students aged between 14 – 17, Young ADIPEC is designed to win the hearts and minds of today's youth and highlight the wealth and diversity of career opportunities within the oil and gas industry.

adipec.com/ya

The Women In Energy conference will focus on the contributions women make across all technical and strategic arenas of the oil and gas industry, including upstream, downstream, investment and finance, administrative and HR functions.

The full day conference programme includes, on-stage interviews, panel discussions, case study presentations and audience voting polls.
